"Your community on your doorstep"

Living Life to the Full

Members of the Living Life to the Full group were amazed to learn at our July meeting that there are more than 200 types of arthritis, affecting all age groups.

Greg Whale from Arthritis Care was very informative and knowledgeable on the subject and told us lots about the condition and the Association.

Arthritis Care, which has been around since 1947, helps people by putting on courses, having different meetings and producing literature.

Everything is done by volunteers and they are always looking for more to take on more roles, including fund raising.

More information may be found about Arthritis Care by looking at their website www.arthritiscare.org.uk

The next meeting of Living Life to the Full will be on Tuesday 4th August when we will be hearing from Eve Roshan from Age Concern, on a range of projects for older people in North Somerset.

Living Life to the Full is a friendly discussion and social group that meets at Preanes Green Resource Centre on the first Tuesday of every month. Everyone is welcome and further information may be had by ringing 01934 529733
